

BIOLOGY4KIDS- MICROBES 40 points

www.biology4kids.com

-click on microbes, read carefully, answer questions

-all questions are worth 2 points except when noted

- 1.) A biologist that studies microbes is called _____
- 2.) What invention revolutionized the study of microbes _____
- 3.) Take quiz on microbes
- 4.) Review prokaryotes and eukaryotes (look on right side of page)
- 5.) What are the main differences between prokaryotes and eukaryotes
_____?
- 6.) Click on Virus
- 7.) Viruses can only "reproduce" inside a _____
- 8.) What are the 2 main parts to a virus _____?
- 9.) What is the fancy name for the protein coat _____?
- 10.) Some viruses have extra protection called the _____?
- 11.) There are some really weird things called prions & viroids. What are these things?

- 12.) Take quiz on viruses
- 13.) Click on Bacteria
- 14.) Where can one find bacteria _____?
- 15.) Are bacteria prokaryotic or eukaryotic _____?
- 16.) Are bacteria alive _____?
- 17.) What are the 4 main parts of every bacterium ? (4)

- 18.) What are the three main shapes of bacteria (3)

19.) How do bacteria help cows _____?

20.) Take quiz on bacteria

21.) Click on Good Microbes

22.) What is nitrogen fixation (3)

23.) Where does the antibiotic penicillin come from _____?

24.) Click on Bad Microbes

25.) How is *E. coli* helping us _____?

26.) How do microbes aid in natural selection? (3)

27.) How are we creating "stronger" viruses and bacteria? (4)

28.) Click on Man and Microbes

29.) **Discuss** 3 ways microbes are working for us (6)
